

DD/S 59-3374A

29 JUL 1959

The Honorable Joel T. Broyhill
U. S. House of Representatives
Washington 25, D. C.

Dear Mr. Broyhill:

I have your letter of July 21, 1959, to Mr. Dulles written on behalf of [redacted] Falls Church, Virginia, in connection with requests by the Virginia Electric and Power Company for easements over their properties.

As we advised you in our letter of July 2, in reply to your inquiry in connection with the route followed by the power company, our only commitment from the power company is for furnishing service, and does not relate to the location of off-site power lines. The fact is, of course, that we have no jurisdiction at all over either the selection of the route, or whether power is transmitted by overhead or underground lines.

The Virginia Electric and Power Company advises us that the lines proposed to cross the properties of [redacted] are not only for service for our new building, but for expansion of service for the entire area. In view of this situation we again respectfully suggest that you might obtain more specific information direct from the power company.

Sincerely,

SIGNED

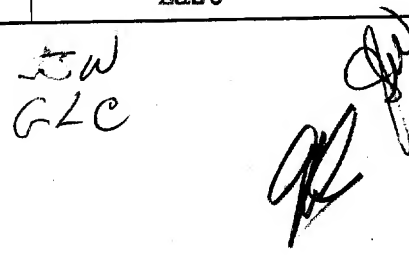

L. K. White
Deputy Director
